ARTWORK GUIDE

Media Wall

Straight stretch fabric | 2m × 2.2m

Everything you need to set up artwork for our straight 2m × 2.2m stretch fabric media wall. The fabric is sewn into a fitted sleeve that pulls down over the frame, so your design wraps smoothly around the edges with no creases. Use our matching template and you can't go wrong.

DIAGRAM - NOT TO SCALE

Bleed line — Trim line (finished edge) ····· Safe area

Key measurements

Artwork size incl. bleed	2,121 x 2,324 mm
Trim / finished size	2,018 x 2,220 mm
Safe area	1,954 x 2,156 mm
Bleed (each edge, approx.)	51.5 mm sides, 52 mm top/bottom
Safe margin (each edge, approx.)	32 mm sides, 32 mm top/bottom
Corners	Top corners round over the frame
Printing	Single or double-sided (same size both sides)
Our template	10% scale (1 mm in file = 10 mm printed)

Before you send your file

- ☐ **Send a print-ready PDF.** No crop marks, trim marks or registration marks please. We take care of the finishing.
- ☐ **CMYK colour mode.** RGB files can print duller or shift colour on fabric, so convert before you export.
- ☐ **Outline your fonts.** Convert all text to outlines (curves) so nothing gets swapped out.
- ☐ **Embed everything.** Images and placed files must be embedded, not linked.
- ☐ **Correct size.** Build at 100%, or at exactly the scale stated on our template. Our templates are set to 10% scale.
- ☐ **Image resolution.** At least 130 ppi when measured at full printed size. If you work at 10% scale, that means 1,300 ppi in your file.
- ☐ **Bleed.** Run background colours and images right out to the bleed line. Anything past the trim line wraps around the frame edge.
- ☐ **Safe area.** Keep logos, text, faces and anything important inside the safe area.
- ☐ **Spot colours.** If you need a Pantone match, specify it from the PANTONE+ Solid Coated library.

Double-sided walls

Supply a two-page PDF: page 1 is the front, page 2 is the back. Both sides use exactly the same size and template. Single-sided walls only need page 1.

About this media wall

Lightweight 32 mm aluminium tube frame that slots together, with a 250gsm matte polyester fabric sleeve (low glare, great for photos and video). Stands on supplied feet. Carry bag included. Optional bottom zip and optional clamp-on LED lights (pack of 2). Packed frame: 830 x 160 x 240 mm, 4.6 kg. Packed fabric: 2.5 kg. Indoor use only: fabric walls catch the wind like a sail.

Sending us your file

Email your finished PDF to **infothesignageshed@gmail.com**. If it's too big to attach, share a Google Drive or WeTransfer link instead. We'll check it over and send you a proof before anything goes to print.
