ARTWORK GUIDE

# Folding Corflute A-Frame

## 700 x 1100 mm, legs

Artwork setup for our 700 x 1100 mm folding corflute A-frame. It's a lightweight, budget-friendly sandwich board made entirely from corflute that folds flat. Each face is printed in full colour, so supply a front and a back design. The face is 700 x 1,111.9 mm when laid flat, with a cut-out between the legs at the bottom.

DIAGRAM - NOT TO SCALE

Bleed line — Finished edge — Safe area — No-print / cut-out zone

## Key measurements

| | |
|---|---|
| **Artwork size incl. bleed** | 710 x 1,121.9 mm per face |
| **Finished face size** | 700 x 1,111.9 mm |
| **Bleed** | 5 mm on every edge |
| **Safe area** | 10 mm from every edge and cut-out |
| **Handle cut-out** | 342.8 x 73.8 mm, centred, 76.3 mm from the top (if ordered) |
| **Leg cut-out** | 225 mm wide x 318.4 mm high, centred at the bottom |
| **Style** | Self-standing with legs |
| **Printing** | Double sided (front and back face) |
| **Our template** | 100% scale, 2 pages: front and back |

## Before you send your file

- ☐ **Send a print-ready PDF.** No crop marks, trim marks or registration marks please.
- ☐ **CMYK colour mode.** RGB files can print duller or shift colour, so convert before you export.
- ☐ **Outline your fonts.** Convert all text to outlines so nothing gets swapped out.
- ☐ **Embed everything.** Images and placed files must be embedded, not linked.
- ☐ **Build at 100% scale.** Our template is full size: set your artboard to the artwork size including bleed.
- ☐ **Image resolution.** At least 130 ppi at full printed size (150 ppi or more looks crisper up close).
- ☐ **Bleed.** Run background colours and images out to the bleed line, 5 mm past the finished edge all the way round.
- ☐ **Safe area.** Keep logos and text at least 10 mm in from every edge, the leg cut-out and the handle cut-out.
- ☐ **Handle.** If you order the carry handle, nothing prints inside the handle cut-out. Keep important content clear of it (handle-free frames print the full face).
- ☐ **Two sides.** Supply a two-page PDF: page 1 is the front, page 2 is the back. Same design both sides? Just send it twice.
- ☐ **Spot colours.** If you need a Pantone match, specify it from the PANTONE+ Solid Coated library.

## About this A-frame

Made entirely from corflute, so it's light and very affordable. Great for events, open homes, markets and short-term promotions. Assembles in a minute with hook-and-loop fasteners. Best for light outdoor use: bring it in when it's windy.

## Sending us your file

Email your finished PDF to **infothesignageshed@gmail.com**. If it's too big to attach, share a Google Drive or WeTransfer link instead. We'll check it over and send you a proof before anything goes to print.
