ARTWORK GUIDE

Table Throw

Loose | 8ft table | 3 sided (open back)

Everything you need to set up artwork for our loose 8ft table throw. Loose throws drape over the table with soft folds at the corners, so the corners of the artwork are rounded off. The artwork is one flat piece with the table top in the middle and the drops around it. This is the open-back version: there's no back drop, so you can sit behind the table with your knees free.

DIAGRAM - NOT TO SCALE

Bleed line — Finished edge — Fold / table edge ····· Safe area

Key measurements

Artwork size incl. bleed	3,876 x 1,596 mm
Finished (flat) size	3,822 x 1,542 mm
Table top panel	2,438 x 743 mm (approx.)
Front drop	698 mm (approx.)
Side drops (left and right)	692 mm each (approx.)
Back	Open, with a 101 mm lip that tucks over the back edge
Bleed	27 mm past the finished edge, all the way round
Safe area	100 mm in from every edge and fold line
Fits a table of about	2,450 W x 760 D x 740 H mm
Our template	10% scale (1 mm in file = 10 mm printed)

Before you send your file

- ☐ **Send a print-ready PDF.** No crop marks, trim marks or registration marks please. We take care of the finishing.
- ☐ **CMYK colour mode.** RGB files can print duller or shift colour on fabric, so convert before you export.
- ☐ **Outline your fonts.** Convert all text to outlines so nothing gets swapped out.
- ☐ **Embed everything.** Images and placed files must be embedded, not linked.
- ☐ **Correct size.** Build at 100%, or at exactly the scale stated on our template. Our templates are set to 10% scale.
- ☐ **Image resolution.** 130 to 300 ppi measured at full printed size. If you work at 10% scale, that means 1,300 to 3,000 ppi in your file.
- ☐ **Bleed.** Run background colours and images right out to the bleed line, 27 mm past the finished edge all the way round.
- ☐ **Spot colours.** If you need a Pantone match, specify it from the PANTONE+ Solid Coated library.
- ☐ **Safe areas.** Keep logos, text and faces inside the dotted safe area of each panel. Anything that crosses a fold line will bend over the table edge.
- ☐ **Orientation.** The front drop is at the bottom of the template and the table top sits in the middle. Text on the top panel should read from the front.
- ☐ **Rounded corners.** The corners of a loose throw drape and gather, so keep important artwork out of them. A continuous background works best.

How it sits on the table

Lay the throw over the table with the table top panel on top. The front drop hangs to the floor at the front and the side drops cover the ends. The short back lip tucks over the back edge of the table to hold the throw in place, leaving the back open. The corners fall into soft folds.

About this product

Printed on 250gsm polyester fabric with hemmed edges. Machine washable and reusable. To remove creases after transport, use a garment steamer, or a warm iron with a pressing cloth between the iron and the print.

Sending us your file

Email your finished PDF to **infothesignageshed@gmail.com**. If it's too big to attach, share a Google Drive or WeTransfer link instead. We'll check it over and send you a proof before anything goes to print.
